LISTING OF CLAIMS

- (Currently amended) An isolated molecule emprising an antibody variable region selected from the group consisting of: an intact antibody, a single chain variable region (ScFv), a monoclonal antibody, Fab, Fab', and Fab'2, which wherein said molecule specifically binds to an extracellular domain of TEM 17 as shown in SEQ ID NO: 230.
- (Previously presented) The isolated molecule of claim 1 which is an intact antibody
 molecule.
- (Original) The isolated molecule of claim 1 which is a single chain variable region (ScFv).
- 4. (Original) The isolated molecule of claim 1 which is a monoclonal antibody.
- 5. (Original) The isolated molecule of claim 1 which is a humanized antibody.
- (Original) The isolated molecule of claim 1 which is a human antibody.
- 7. (Original) The isolated molecule of claim 1 which is bound to a cytotoxic moiety.
- 8. (Original) The isolated molecule of claim 1 which is bound to a therapeutic moiety.
- (Original) The isolated molecule of claim 1 which is bound to a detectable moiety.
- 10. (Original) The isolated molecule of claim 1 which is bound to an anti-tumor agent.
- 18. (Previously presented) The isolated molecule of claim 4 which is bound to a cytotoxic moiety.
- (Previously presented) The isolated molecule of claim 4 which is bound to a therapeutic moiety.
- 20. (Previously presented) The isolated molecule of claim 4 which is bound to a detectable

moiety.

- (Previously presented) The isolated molecule of claim 4 which is bound to an antitumor agent.
- (Previously presented) The isolated molecule of claim 6 which is bound to a cytotoxic moiety.
- (Previously presented) The isolated molecule of claim 6 which is bound to a therapeutic moiety.
- (Previously presented) The isolated molecule of claim 6 which is bound to a detectable moiety.
- (Previously presented) The isolated molecule of claim 6 which is bound to an antitumor agent.
- (Currently amended) The isolated molecule of claim 1 wherein the antibody variableregion which specifically binds to residues 137-244 or 280-344 of TEM17.
- (Currently amended) The isolated molecule of claim 2 w-wherein the antibody variableregion which specifically binds to residues 137-244 or 280-344 of TEM17.
- (Currently amended) The isolated molecule of claim 3 wherein the antibody variable region which specifically binds to residues 137-244 or 280-344 of TEM17.
- (Currently amended) The isolated molecule of claim 4 wherein the antibody variable region which specifically binds to residues 137-244 or 280-344 of TEM17.
- (Currently amended) The isolated molecule of claim 5 wherein the antibody variable region which specifically binds to residues 137-244 or 280-344 of TEM17.

- (Currently amended) The isolated molecule of claim 6 wherein the antibody variable region which specifically binds to residues 137-244 or 280-344 of TEM17.
- (Currently amended) The isolated molecule of claim 1 wherein the antibody variable region which specifically binds to residues 48-427 19-426 of TEM17.
- (Currently amended) The isolated molecule of claim 2 wherein the antibody variable region which specifically binds to residues 48 427 19-426 of TEM17.
- (Currently amended) The isolated molecule of claim 3 wherein the antibody variableregion which specifically binds to residues +8-427 19-426 of TEM17.
- (Currently amended) The isolated molecule of claim 4 wherein the antibody variable region which specifically binds to residues +8 +427 19-426 of TEM17.
- (Currently amended) The isolated molecule of claim 5 wherein the antibody variable region which specifically binds to residues 18-427 19-426 of TEM17.
- (Currently amended) The isolated molecule of claim 6 wherein the antibody variable region which specifically binds to residues 48-427 19-426 of TEM17.
- 38. (New) The isolated molecule of claim 1 wherein said molecule binds to TEM17 at least 2 times more than to irrelevant antigen or antigen mixture.
- 39. (New) The isolated molecule of claim 1 wherein said molecule binds to TEM17 at least 5 times more than to irrelevant antigen or antigen mixture.
- 40. (New) The isolated molecule of claim 1 wherein said molecule binds to TEM17 at least 7 times more than to irrelevant antigen or antigen mixture.

41. (New) The isolated molecule of claim 1 wherein said molecule binds to TEM17 at least 10 times more than to irrelevant antigen or antigen mixture.
